

International Student Travel Insurance

Recommended
by EnglishUK

We strongly recommend that students take out full comprehensive insurance for the period of their stay in the UK to cover Cancellation of Course, Medical Expenses including additional accommodation due to quarantine, Personal Injury, Lost Property and Personal Liability.

Concorde International is an English Language provider, **we do not provide insurance**.

You **must** have insurance before you travel to the UK.

If you cannot arrange this in your own country then please contact us and we will assist you to buy insurance from Endsleigh which includes Covid 19 cover. Endsleigh is recommended by EnglishUK.

You must read the policy in your language to understand the insurance cover.
