Ci Year-round Study Groups

Design your very own English study week
or Buddy Programme

"Excellent organisation, staff were always friendly, welcoming, efficient, and good at organising excursions at last minute"

Daniela Schiaparelli, Group Leader

There's no doubt that being immersed in an English-speaking environment boosts students' confidence, enhances their language skills and provides them with the motivation to continue studying the English language.

Design Your Own School Group Programme

In addition to the summer programme, we welcome school groups to Canterbury Study Centre throughout the academic year.

With the year-round study courses we offer a truly personalised, tailor-made service. With our assistance you can design your programme to suit your requirements and budget, and help your students make the most of their new and exciting learning experience.

Courses can be designed to complement your school curriculum. We offer exam preparation courses and a variety of stimulating academic programmes on themes such as British culture, the environment and tourism. In addition to the EFL classes, a programme of activities, visits and excursions can be included to give your students the best possible experience during their stay. Courses can be for a few days or up to six weeks.

Buddy Programme An integrated high school experience

For School Groups

Our Buddy Programme offers your students a fantastic opportunity to experience life in a British state school, attending regular classes such as Science, History or Maths alongside a 'Buddy' with whom they share the school day: classes, lunch and break times, sports afternoons, and any extra-curricular activities.

**For 11- to 15-year-olds during term time.
From September to June**

Buddy Programme Only

1 or 2 weeks' full immersion in school with English Buddies.

Buddy Programme Plus

1 week with Concorde International EFL teachers plus 1 or 2 weeks' full immersion in school with English Buddies.

Both programmes can incorporate cultural activities and excursions led by Concorde International staff, in addition to the time spent at the school. The choice is yours!

The 'Buddy' will not usually be a member of a student's host family, but will be specially selected by the school staff from among a group of motivated pupils who have chosen to be part of the Buddy Programme. Students and Buddies are paired (one-to-one) for the duration of the programme, often resulting in friendships that last well beyond the flight home.

Each buddy school has a liaison officer who will assist the accompanying Group Leader during the programme, and a Concorde International member of staff will be available at all times.

High School Academic Year Programme

For Individual students

Concorde International has excellent relationships with a number of specially selected state secondary schools throughout Kent and the South East of England. Each school is experienced in welcoming our international students and we work closely with them throughout the student's stay. Once we receive a completed application and academic school report we will select an appropriate location where the student can live and study.

Students can attend school for 1, 2 or 3 terms

Message from homestay

"We have been a host family for about 18 months now and absolutely love it! It's fantastic being able to learn about different cultures and meet some amazing people. Knowing we are part of helping others learn by just sitting around the table at dinner and making them part of our family during their stay makes it so enjoyable" - Kirsty
