

Dear Concorde International

My name is Ikumi and I graduated on 24th February 2023.

I returned to Japan on the 25th August. I really wanted to go to Concorde International to meet you all and say goodbye and thank you, but I didn't have time, so I wrote this letter. I had a lot of worries

when I started my life abroad without being able to speak English.

I remember being very nervous when I went to Concorde International for the first day. However, I love Concorde International because it has a very homely atmosphere and everyone was very kind. I made new friends there.

They prepared events for each season, so I was able to learn English in a fun way, and it was fun to go to school every day. I'm really glad I chose

this place ♡ I also want to come to Canterbury when I come to the UK.

I would also like to go to Concorde International when I come.

So I look forward to the day when I can meet you all again.

I hope you all have more wonderful days.

Thank you very much ☺

From Ikumi
